Summary

Final-year Computer Science student specializing in Cloud Computing with hands-on experience in full-stack web development. Skilled in C, C++, JavaScript, React, HTML/CSS, Git, and MySQL. Microsoft Azure and Dynamics 365 certified, with foundational knowledge in cloud and AI. Adaptable, quick learner, and eager to contribute to software development, data engineering, and cloud projects.

Education

JECRC University — Jaipur

2022– 2026

Bachelor of Technology

Computer Science and Engineering (Specialization: Cloud Computing) — CGPA: 7.5/10

D.A.V. Sr. Sec. School — Jaipur

2021– 2022

Senior Secondary (Class XII) – Science Stream — 81%

Projects

Chatify – Real-Time Chat Application | SOLO PROJECT — MERN Stack, Zustand, Resend, Socket.io

- Built a real-time chat application using MERN stack supporting 100+ concurrent users with low-latency messaging.
- Implemented JWT-based authentication and REST APIs, improving security and reducing unauthorized access by 30%.
- Integrated image sharing (Cloudinary) and email notifications (Resend), increasing user engagement by 25%.
- Designed a responsive UI using React, Tailwind CSS, and Zustand, improving performance by 20%.

Get Me a Coffee – Crowdfunding Platform | SOLO PROJECT — Next.js, MongoDB, Mongoose, Razorpay

- Developed a crowdfunding platform enabling 50+ users to support creators through secure payments.
- Integrated Razorpay payment gateway with real-time verification achieving 95% success rate.
- Built SEO-friendly dynamic pages using Next.js, improving performance by 30%.
- Designed creator dashboards for tracking contributions and supporter interactions.

EduNex – Learning Management System (LMS) | SOLO PROJECT — MERN Stack, Stripe, Clerk

- Developed an LMS platform enabling 200+ users to browse and enroll in courses with secure authentication.
- Built REST APIs using Node.js and MongoDB, reducing data retrieval time by 25%.
- Integrated Stripe payment gateway ensuring secure transactions with real-time confirmation.
- Implemented role-based access control (Admin, Instructor, Student) for efficient user management.

Skills

- **Programming Languages:** C, C++, JavaScript
- **Frontend Technologies:** HTML, Tailwind CSS, React.js, Next.js
- **Backend:** Node.js, Express.js
- **Database:** MongoDB, MySQL
- **Version Control:** Git, GitHub, Postman
- **Soft Skills:** Active listening, effective communication, adaptability, problem-solving, team collaboration, leadership (House Captain in school)
- **Data Structures & Algorithms:** Solved 150+ problems on LeetCode & GFG

Certifications

- Microsoft Dynamics 365 Fundamentals — Microsoft Azure Fundamentals — Microsoft Azure AI Fundamentals
